Alumni Director

Dear Cavalier,

Each of us knows De La Salle in our own way. We chose De La Salle because we wanted to become who we are. We worked tirelessly to grow into something greater than what we were when we first walked into 5300 St. Charles Avenue. We joined one another through student organizations, inspirational teachers, and prayer. All the while we advocated for our individuality, our beliefs, and our creativity. It's what we do – De La Salle students make a difference. Strong in diversity, and through it, we make the world a better and more interesting place. We make a difference by embracing difference. Now we come together as alumni donors to continue the tradition.

Our school is blessed with a family atmosphere and a rich tradition in the city of New Orleans. We are grateful for the values that a Lasallian education instills in our young men and women. Students learn the importance of an education built on the foundation of Christ and the lessons of St. John Baptist de La Salle.

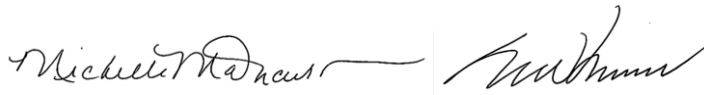

As graduates, we are joining with others in the school to lead because we realize and appreciate the generosity of others before us who have contributed to the continuing success of excellence on the Avenue. It is this generosity which allows the many after us to continue to experience De La Salle.

The Alumni Association with your help is donating in excess of \$20,000 in scholarships to qualified sons and daughters of our graduates. We ask you to consider a donation to support the education of these students in the Lasallian tradition. Your generosity provides the foundation of what will be a commitment to De La Salle for years to come.

We truly look forward and count on your support. De La Salle is indeed blessed by the dedicated support of its students, parents, faculty, staff and, most importantly, its graduates!

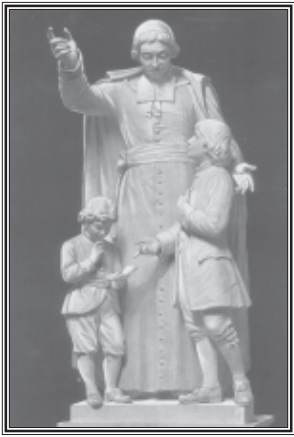

We invite you to share in our enthusiasm for the exciting improvements that are taking place.

Sincerely in St. John Baptist de La Salle,

Michelle L. Mancuso '93
